

AMERICAN OUTDOOR
Lowcountry Lawn Pro's

YOUR LOCAL LAWN PROFESSIONALS

*Specialized care for Lowcountry lawns —
Centipede, Zoysia, and Bermuda grass.*

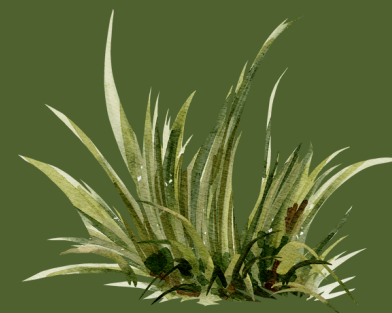

ABOUT US

FOUNDED IN 2020

We began providing lawn care services in Bluffton back in 2020

WHAT WE DO:

We specialize in providing professional lawn care for Centipede, Zoysia, and Bermuda grass, ensuring your lawn thrives in our unique Southern climate.

OUR SERVICES

We offer a year-round lawn care program to insure you lawn is happy and healthy throughout the seasons.

Fertilization

Tailored applications for year-round growth.

Weed Control (Herbicide)

Pre- and post-emergent solutions for a weed-free lawn.

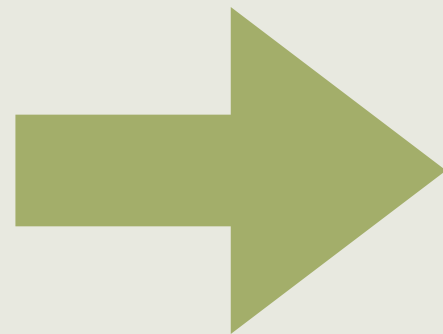

Insecticide & Fungicide

Repels unwanted insects and fungus from taking over your yard

All combined into a annual application program designed to fit your yards needs

Why your lawn needs professional care.

A healthy lawn doesn't happen by chance—it requires expert care tailored to your lawn's unique needs. Here's why our services are essential for achieving the lawn of your dreams:

✓ Expertise You Can Trust ★★★★★

Southern grass is sensitive and easily susceptible to disease. We understand Lowcountry lawns, and know what they need to thrive in our unique climate.

✓ Year-Round Care ↻

We don't just work seasonally. Our comprehensive approach ensures your lawn looks its best all year, from spring to a healthy winter dormancy.

✓ Healthier Grass, Guaranteed

- Targeted Fertilization: Provides the nutrients your lawn needs to grow thick, green, and resilient.
- Weed Control: Stops weeds before they start and eliminates existing ones without harming your grass.
- Insecticide/Fungicide: Protects your lawn from common pests, preventing damage during peak insect activity.

OUR WORK!

**Get results with our
year-round program**

WHY CHOOSE US?

- **Local Expertise:** We understand Lowcountry soil, climate, and grass types.
- **Customized Plans:** Fertilization schedules and treatments designed for your lawn.
